

THE UNIVERSITY OF ARIZONA  
COLLEGE OF MEDICINE TUCSON

Arizona Pediatric  
Psychiatry Access Line

# Is your pediatric patient struggling with their mental health?

## About Us

APAL is a statewide pediatric psychiatry access line that aims to guide frontline health care providers – in real time – in psychiatric management so they may give high-quality care to their patients with behavioral health concerns.

## Call 888-290-1336

to consult with child & adolescent psychiatrists who will provide **free** and **immediate** clinical guidance. Consultations are also available to be pre-scheduled through our website.

**Monday to Friday | 8:30 a.m. to 4:30 p.m.**

**[APAL.arizona.edu/pediatric](https://apal.arizona.edu/pediatric)**

## Education

Find educational resources on pediatric psychiatry topics, in the APAL **For Providers** section.

## Resources

Our specialized team connects families with resources available in their area.  
Call our line to connect with staff.
